Essential Information

PASSPORT

Your (passport) is your key to travel the world and to get back home. "Passport? Money? Camera and electronics?"

Take a few seconds to verify you have each.

INSURANCE

Almost a third of you DON'T have travel insurance in place before jetting off, risking £1,000s in medical bills. If you've booked a trip but not insurance, do it NOW. It can cost as little as £9 for annual cover.

AIRPORT & TRAIN STATION

The closest airports is Amsterdam Airport Schiphol, known informally as Schiphol Airport. It is the main international airport of the Netherlands or Amsterdam Central Station for those traveling in by train.

TRANSFERS

It is very important to effectively plan how you will be able to get from the airport or the station to your accommodation and back.

SCHIPHOL HOTEL SHUTTLES

The Schiphol Hotel shuttles offer a cheaper alternative to taxi and they offer door-to-door services. For a single journey it will cost around €20.00

These buses run every 10 minutes between 6:00AM and 9:00PM from platform A7 outside the main entrance to the arrivals and train station level. However, make a point of first asking your hotel if they offer a complimentary airport shuttle service.

Uber is also an option across the weekend.

Essential Information - cont'd

TRAIN

The train offers a reliable mode of transportation. You can buy tickets either at the ticket desk on the arrivals level, at the yellow machines using Euro coins or credit/debit cards.

The direct trains to Amsterdam Central train station run every 10 to 15 minutes between 6:00AM and 12:30AM and the trip takes about 15 to 20 minutes. These trains leave from platforms 1, 2 or 3, which are all one floor below the airport terminal. Using a train will cost you between €4.80 - €7.00 when travelling second class.

BUSES

Buses also offer an economical mode of transportation and if you are staying at a hotel near the bus station these buses services can be more direct than using a train. Please note the buses offer limited services over the weekend. A single journey using a bus will cost around €4.60. A bus leaves the airport every 30 minutes between 5:40AM and 11:40PM and the bus station is located outside the main entrance to the arrivals and train station level. The buses normally make five stops and two of these are conveniently located near many hotels. It takes about 30 minutes to get to Amsterdam City using a bus.

TAXI OPTIONS

Taxis also provide transportation from the airport to Amsterdam City. Using a taxi is convenient especially if you are travelling with a lot of luggage as they offer door-to-door services and a trip to the city takes only 20 minutes if it is not rush hour. However, this is the most expensive mode of transportation and a traveler risks sitting in heavy traffic during peak hours. The cost can be anywhere from €33 - €50 depending on the route used and the destination. There are plenty of taxis just outside the main entrance to arrivals and train station level at the airport. You are advised to choose a taxi from the line and not from random individuals claiming to offer this

Essential Information - cont'd

LANGUAGE

The official language of the Netherlands is Dutch. However, the majority of Amsterdam's residents do speak English.

CURRENCY

The euro (€) is the official European Union currency. Other currencies can be exchanged in banks, savings banks and Bureau de Change in town.

MEDICAL

The emergency number for police, fire or ambulance is 112. We recommend taking out travel insurance in advance of your trip.

SAFETY

In general, the area is safe and well-policed. That being said, we do advise you to always exercise vigilance whenever traveling in a different country.

DRUGS WARNING

Dancehall Episode has a no tolerance to drugs policy, anyone found to be in the possession of illegal drugs will have their wristbands removed and will be handed over to the police.

PERSONAL BELONGINGS

We do not recommend you bring personal belongings of high value with you. If essential keep belongings locked away at all times just to be safe. Some of the hotels will have safes in the rooms to store valuables.
